

MAUSERNOW

Did you know...

you can view MauserNOW articles in your preferred language?

How to Translate a Webpage (Google Chrome):

1. Type www.mausernow.com into the Internet browser address bar or scan the MauserNOW QR code.
2. Right click in any white space on the webpage.
3. Select the “Translate to...” option.
4. On the right side of the address bar, open the Translation menu
5. Select your preferred language. Or use the ellipses to view translation options and select the “Choose another language” to select a language not already available.
6. Select the article you wish to view.
7. Repeat steps 2-5 to translate the article page.

To set MauserNOW to always translate to your preferred language, select the “Always translate English” option in the translation menu (step 5).
