

# MAUSERNOW

*Did you know...*

you can view MauserNOW articles in your preferred language?

## How to Translate a Webpage (Microsoft Edge):

1. Type [www.mausernow.com](https://www.mausernow.com) into the Internet browser address bar or scan the MauserNOW QR code.
2. Right click in any white space on the webpage.
3. Select the “Translate to...” option.
4. On the right side of the address bar, open the Translation menu
5. Use the drop down menu to select your preferred language. Select “Translate”.
6. Select the article you wish to view.
7. Repeat steps 2-5 to translate the article page.

To set MauserNOW to always translate to your preferred language, after selecting your preferred language (step 5), use the “More” drop down menu to select the “Always translate English” option.
